INSPIRED ARTISTRY
FOR YOUR SPACES.

Surfaces wrap spaces, but what if spaces can be experiential, tangible and sensorially pleasing?

With this collection, we set out to make creations that transport you to your ideal visions of spaces, your architectural imagery in form, found here.

SURFACES **REIMAGINED,**
SPACES **REDEFINED.**

Carving and Luxurio Punches bring spaces the same charm as age-old artistry, but with a clean, minimal look.

Rather than just working on aesthetics by the norm, we charted a different route, a Punch-y route. Spaces that feel aesthetically characterful are meticulously crafted here.

BUILDING A **LEGACY** OF **INNOVATION** AND **EXCELLENCE**

The structure, technology and the entire setup at CREANZA is in sync with the contemporary times. Innovation, Progress, Commitment and Perfection are the four fundamental pillars here. Our core values come in the form of a perfect combination of Innovation, Quality, Sustainability, and Customer-centricity in equal measures. Each team member here shares our passion for the craft. We love to invent and reinvent surfaces, new measures, and explore ways to better our craft with the help of our state-of-the-art technology and 'can-do' attitude.

The unmatched technical brilliance of our manufacturing units and genuine efforts of the man power has led us to the path of growth and progress. Moving ahead on the bright path of achievements, we are bringing a new thought process for the best results.

Equally passionate about environmental care, we recently installed a state-of-the-art solar plant that helps us significantly reduce our carbon footprint. A thoughtful intention that helps us power our operations in pursuit of a green future.

ABOUT **CREANZA**

In an industry where some sellers focus on innovation, the other few choose to concentrate on variety. CREANZA has adopted a holistic strategy of encompassing all the attributes of the product. CREANZA epitomizes consumer-first approach with an enduring combination of innovation, unique variety and quality.

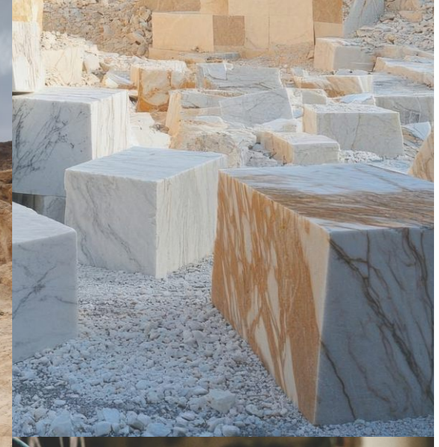

Since its inception in 2011, CREANZA tiles, based at Morbi in Gujarat, is one of the pioneer and dominant manufacturers cum exporters of premium glazed vitrified tiles. CREANZA has state-of-the-art manufacturing facility with latest technology machinery imported from Italy, Spain and China.

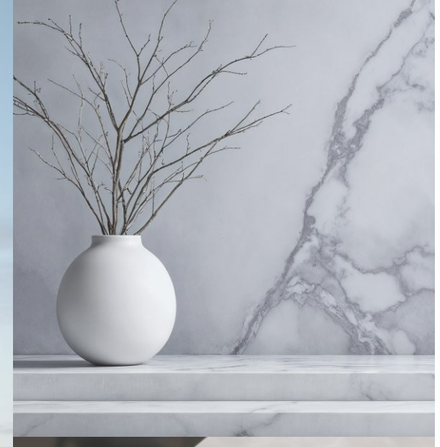

At CREANZA, we believe in providing superior quality and services, further strengthening our relationship with consumers.

In tandem with an increasing demand of vitrified tiles, we have an installed capacity of 75,000 sq.m./day of GVT, PGVT, and Wall Tiles spread across a humongous 65 acres land. We have collaborated with the largest Italian conglomerate, Sacmi for its press technology and installed System digital printing machine, which helps us yield innovative tiles with stunning designs and excellent quality. We constantly emphasize on new product development catering to the dynamic and unique tastes of our consumers.

1. INNOVATION

REIMAGINING THE **POSSIBILITIES OF SURFACE.**

At Creanza, innovation begins with curiosity, the constant pursuit of what a surface can become. We explore evolving technologies, design languages and material possibilities to create surfaces that are contemporary, distinctive and ahead of their time.

From refined aesthetics to advanced surfaces, every creation is an expression of our belief that surfaces should not simply follow trends, but inspire them.

2. SCALABILITY

FROM VISION TO SCALE, **WITHOUT COMPROMISE.**

With the infrastructure, technology and capabilities to deliver at scale, Creanza transforms ambitious ideas into possibilities across markets. Our manufacturing strength enables us to consistently create and deliver an extensive portfolio while responding to the ever evolving demands of a global industry.

Because true scalability is not just about producing more, it is about growing possibilities while preserving the essence of what makes every surface exceptional.

3. QUALITY CONTROL

PRECISION IN EVERY SURFACE, **CONSISTENCY IN EVERY DETAIL.**

Quality at Creanza is built into every stage of the journey. From raw materials and production to finishing and final inspection, stringent processes and meticulous attention to detail ensure that every surface meets the standards we set for ourselves.

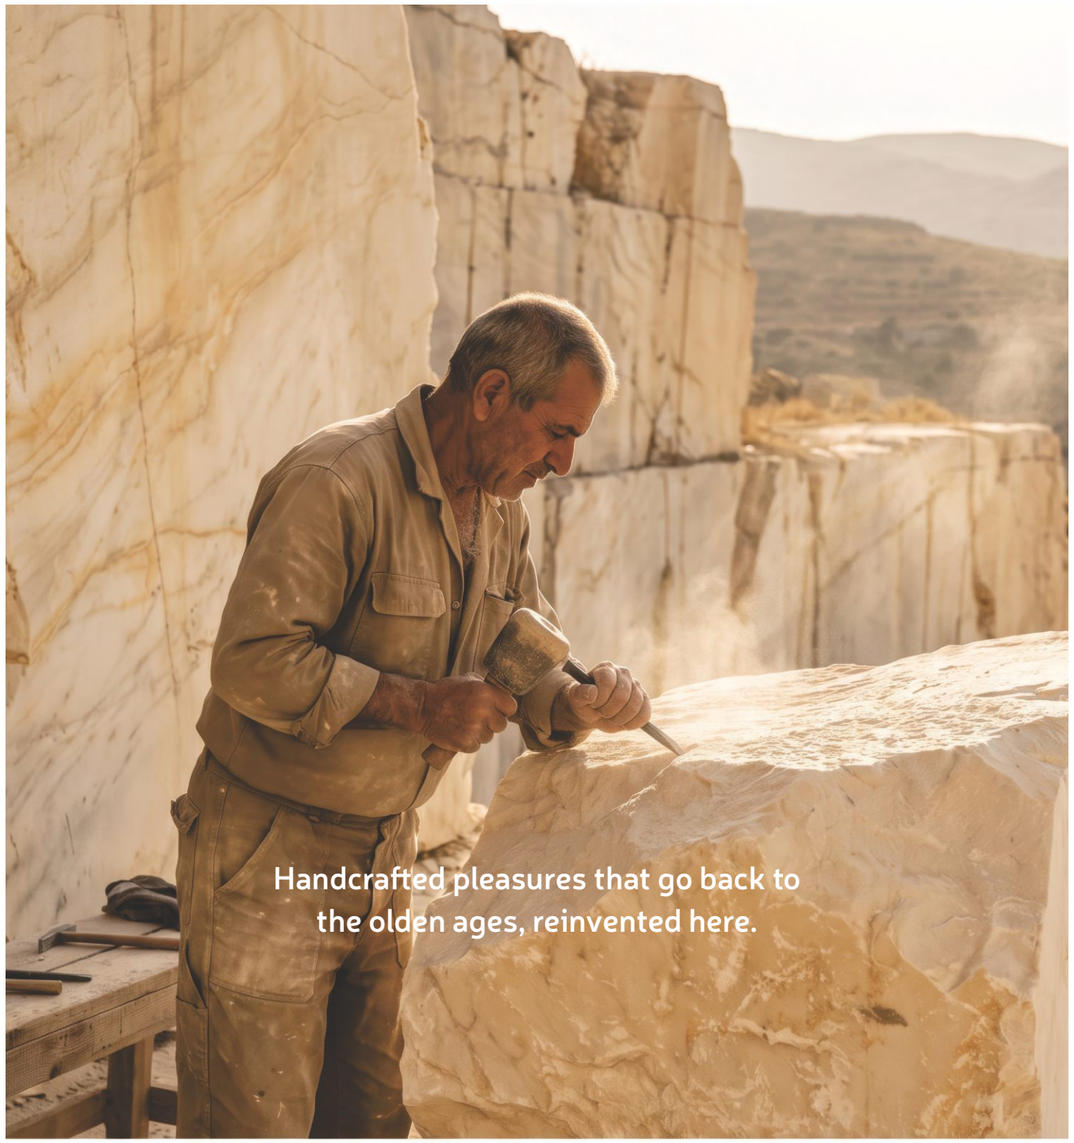

Because excellence is not an outcome we arrive at, it is a discipline we follow, consistently and uncompromisingly.

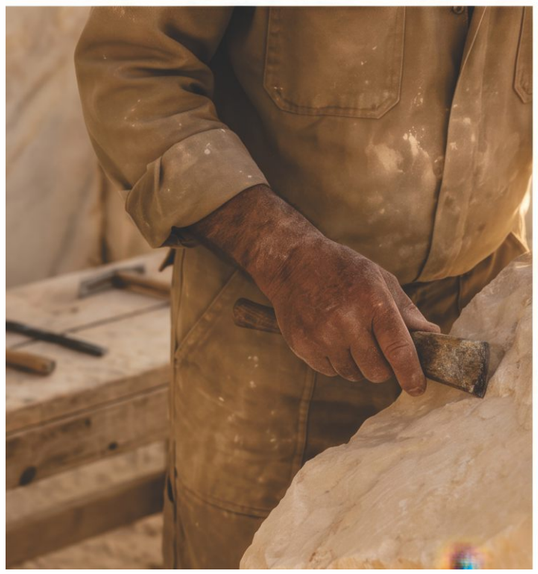

4. CUSTOMER CENTRICITY

DESIGNED AROUND PEOPLE, **CREATED FOR THEIR SPACES.**

Every space has a story, and every customer has a vision. At Creanza, we listen, understand and evolve with those needs to create solutions that make choosing the right surface effortless and meaningful.

From product discovery to delivery, our approach is guided by responsiveness, reliability and a deep understanding of our customers, because the finest surfaces are those that bring their vision to life.

1. INNOVATION

WHERE MATERIAL MEETS POSSIBILITY

At Creanza, innovation begins long before a tile takes shape. Built on a **world-class R&D foundation,** we look beyond conventional materials and explore new possibilities through **global material sourcing, real marble-to-tile transformation, and advanced surface engineering.**

Every surface is developed with an eye for detail. **Precision detailing, texture mapping and trend forecasting expertise** allow us to translate the character of natural materials and emerging design movements into refined, contemporary surfaces.

Innovation, for us, is not simply about creating something new. It is about creating something **relevant, distinctive and future-ready, where technology,** material intelligence and aesthetics come together seamlessly.

1200x**1800**mm
600x**1200**mm

2. SCALABILITY

BUILT TO GROW WITH EVERY AMBITION

Great ideas deserve the capability to reach beyond a single space. **With robust production capacity and customization expertise,** Creanza transforms design intent into solutions that perform consistently across projects of every scale.

Our **flexible batch production and adaptive manufacturing systems** allow us to respond to evolving requirements without compromising precision, surface or consistency. From a distinctive individual space to expansive architectural developments, our capabilities adapt to the scale of the vision.

With **dedicated project handling,** every requirement is managed with clarity and agility, making large-scale possibilities easier to execute, easier to manage and built to deliver.

3. QUALITY CONTROL

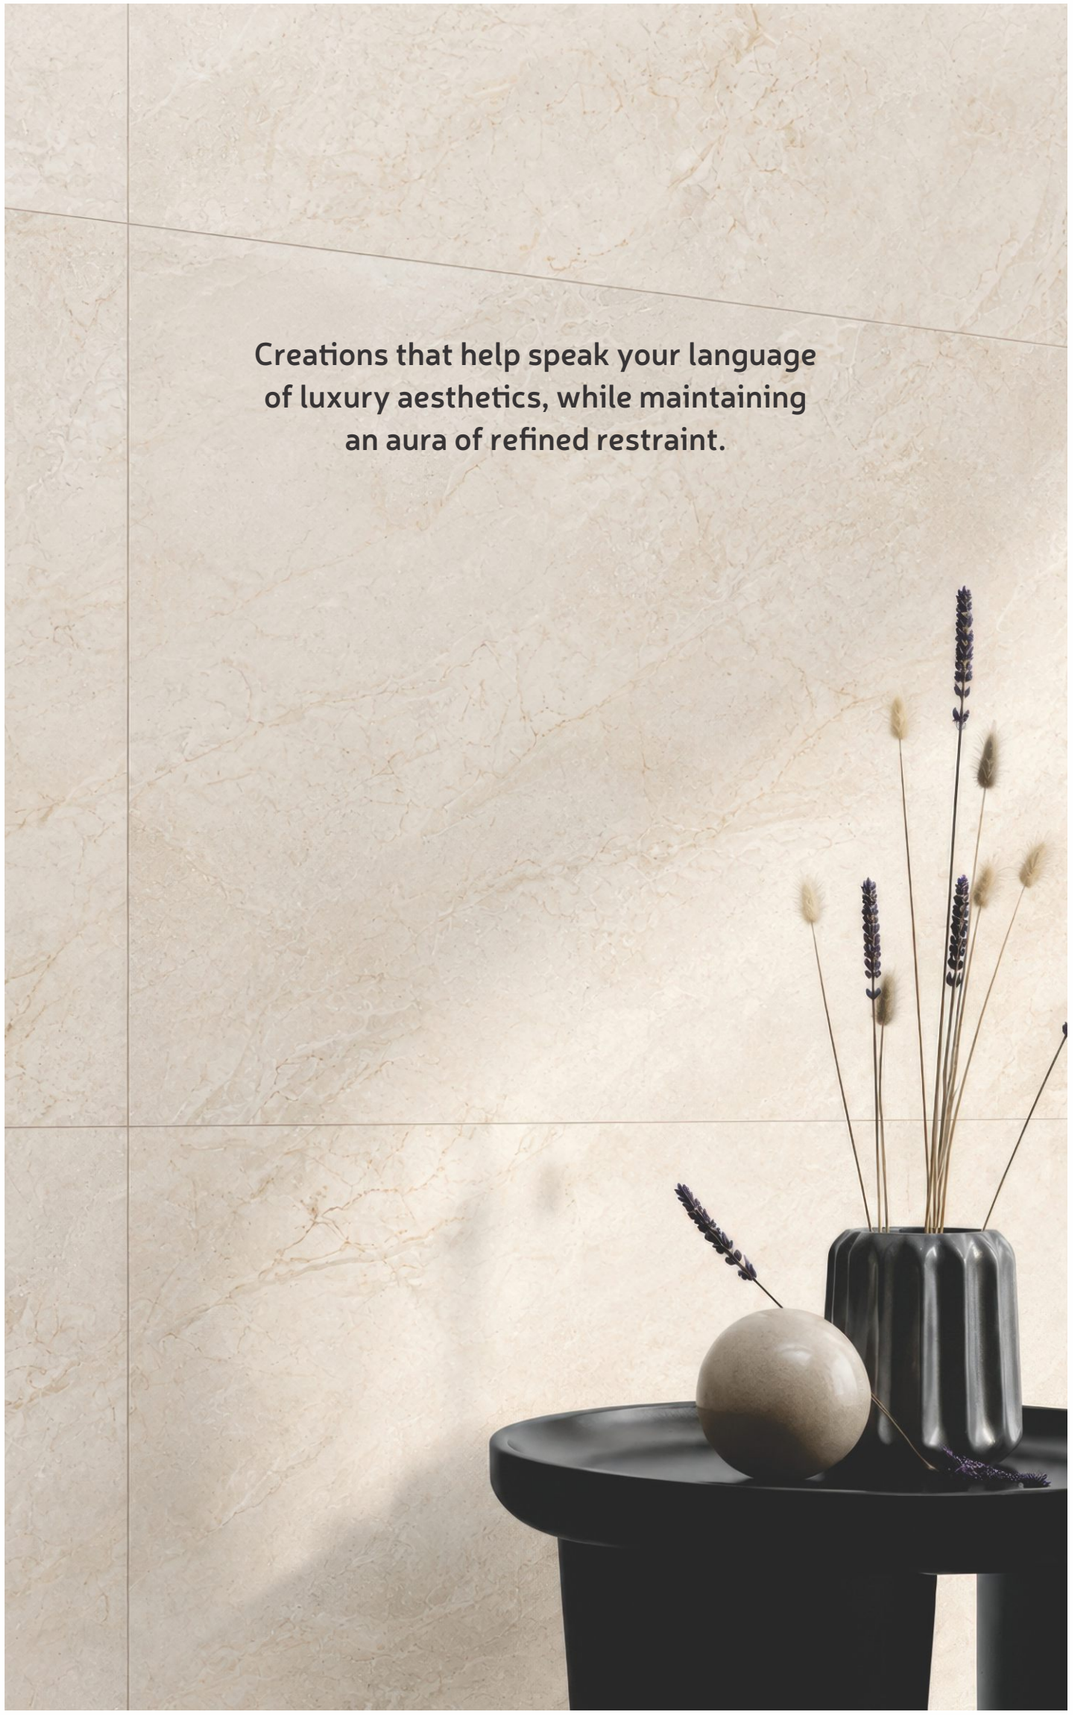

PRECISION, PERFECTED AT EVERY STAGE

Quality at Creanza is built into the process, not inspected at the end. From **rigorous raw material selection to advanced manufacturing technology,** every stage is governed by carefully defined standards designed to deliver dependable performance.

A **multiple-level inspection process** ensures every surface meets expectations for **dimensional accuracy, surface and visual consistency.** Each creation undergoes detailed **surface and surface examination, alongside durability and strength testing** to ensure it performs as beautifully as it looks.

We further monitor **colour consistency, water absorption and chemical resistance**, because true quality lies in the details that remain consistent, from the first tile to the last.

1200x**1800**mm
600x**1200**mm

4. CUSTOMER CENTRICITY

YOUR VISION. OUR COMMITMENT.

Every remarkable space begins with a vision. At Creanza, **vision alignment** is where every collaboration starts, understanding the design intent, functional requirements and unique expectations behind every project.

From **tailored solutions and seamless service excellence** to assured consistency across every requirement, we work to make the journey as effortless as the final result. Our approach is built around listening, responding and delivering with precision.

Because we believe the strongest relationships are not built around transactions, but around trust. Through **long-term partnerships,** we remain committed to creating value beyond the product, supporting our customers from concept to completion.

SURFACES

You got the design; the question is, how do you want it to feel? Modern tactility or class reinvented?

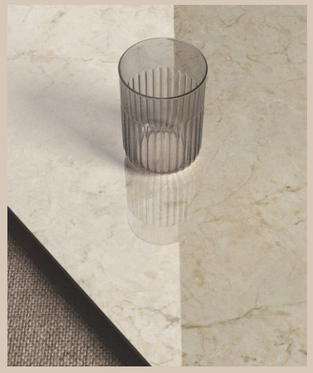

With four different surfaces, you can find what suits your idea of spatial style. These react with light differently, making them equally intriguing to choose from.

This surface palette has been carefully chosen for this collection to make spaces that feel as close to nature as you want them to be.

Evan Carving

Where minimal reflection meets rich pigmentation. A non-reflective surface with glossy ink intensity, creating surfaces that feel natural yet visually striking.

Glossy

Smooth, glossy surface with balanced luminosity.

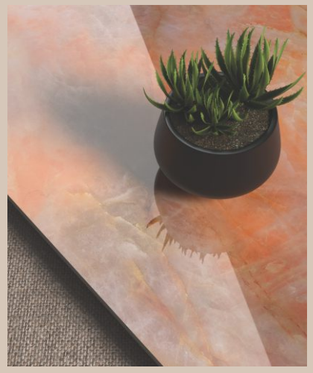

Luxurio

Soft matt with a pleasant touch, offering durable, contemporary elegance for medium-traffic interiors.

Panache Carving

Superior whiteness combined with precision-crafted carving relief, enhanced by a minimal reflection surface that perfectly balances visual purity and durability.

High Gloss

The Essence of Brilliance
Extreme gloss with optical purity and deep reflection. A mirror-like, luxurious finish ideal for high-end interiors.

Super Gloss

Absolute planarity. Infinite reflection. Maximum clarity and uniform mirror effect with exceptional planarity for visual depth and optical precision.

Silken

The natural touch of time.
Soft, matt, silky finish inspired by stone, with a controlled sheen that brings warmth to elegant interiors.

BUILDING **A LEGACY** OF **INNOVATION**

For spaces that deserve nothing less than extraordinary,

Creanza introduces a collection that surpasses the limits of ceramics.

Sustainable

Crafted using responsible materials, practices, and processes, offering sustainable surface solutions.

Environmentally Friendly

Manufactured with processes designed to reduce carbon footprint.

Hygienic

Non-porous surfaces prevent bacterial growth, making them ideal for kitchens and food-contact zones.

Long-lasting

Superior raw materials and advanced manufacturing techniques ensure durability and low maintenance.

Fire-resistant

Ideal for kitchens, fireplaces, and areas near heat sources.

Colour-fast

Highly resistant bodies prevent colour fading, ensuring surfaces stay vibrant and new-looking.

Frost-resistant

Engineered to withstand extreme temperature variations.

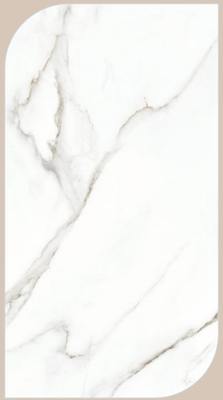

Non-absorbent

The dense, vitrified structure ensures extremely low water absorption.

Chemical-resistant

Engineered to withstand exposure to common household and industrial chemicals, ensuring surfaces stay unaffected.
