CREANZA
TILES

Imagination is Everything

About Creanza

In an industry where some sellers focus on innovation, the other few choose to concentrate on variety. CREANZA has adopted a holistic strategy of encompassing all the attributes of the product. CREANZA epitomizes a consumer-first approach with an enduring combination of innovation, unique variety, and quality.

Since its inception in 2011, CREANZA tiles, based at Morbi in Gujarat, is one of the pioneers and dominant manufacturers cum exporters of premium glazed vitrified tiles. CREANZA has a state-of-the-art manufacturing facility with the latest technology machinery imported from Italy, Spain, and China.

At CREANZA, we believe in providing superior quality and services, further strengthening our relationship with consumers.

In tandem with an increasing demand for vitrified tiles, we have an installed capacity of 75,000 sq. m./day of GVT, PGVT, and Wall Tiles spread across a humongous 65 acres of land. We have collaborated with the largest Italian conglomerate, Sacmi, for its press technology and installed a System digital printing machine, which helps us yield innovative tiles with stunning designs and excellent quality. We constantly emphasize new product development, catering to the dynamic and unique tastes of our consumers.

Quality Certificates

A Shine That **Makes**
The **Impactet!**

Every space needs an element that makes a statement without needing much effort. Our Polished Surfaces are an ode to this philosophy, crafting a surreal feel that instigates a touch of luxury.

Experience a blend of understated richness through our pieces of allure and embrace your space with a sense of warmth that feels divine.

Building A **Legacy** of **Innovation**And **Excellence**

The structure, technology, and entire setup at CREANZA is in sync with contemporary times. Innovation, Progress, Commitment, and Perfection are the four fundamental pillars of the company. Core values of the CREANZA are a combination of Innovation, Quality, Sustainability, Integrity, and Customer-centricity. The people working at CREANZA love to invent and reinvent while exploring new concepts with the help of our state-of-the-art technology and a positive attitude.

The unmatched technical brilliance of our manufacturing units and the genuine efforts of the man power has led us to the path of growth and progress. Moving ahead on the bright path of achievements, we are bringing a new thought process for the best results. Ideas for the future!

Our commitment to the environment is equally strong. We recently installed a state-of-the-art solar plant, significantly reducing our carbon footprint and advancing our goal of sustainable manufacturing practices. This initiative not only powers our operations but also underscores our dedication to fostering a greener future.

Attributes And Benefits

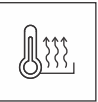

Engineered for modern living, Creanza surfaces deliver exceptional performance across environments. They are low maintenance, feature an antibacterial surface, and offer superior water resistance, making them ideal for both residential and commercial use. With high chemical and stain resistance, enhanced fire resistance, and remarkable bending strength, these surfaces ensure durability, safety, and longevity, while maintaining a flawless appearance over time, even under demanding conditions.
